**2. Citations and explanations (Rule 70.7)**

Documents cited in the International Search Report:

D1: SE 514841 C2

The cited document represents the general state of the art.

The invention defined in claims 1-15 is not disclosed by this document.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed method and device for measuring stress forces in refiners. Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-15 is novel and is considered to involve an inventive step. The invention is industrially applicable.
